Black Water Bayou was a very good book. I thoroughly enjoyed reading this story and love the setting. The reason I gave it three stars instead of four is because the book doesn't end with this book. Too actually find out the resolution to this story you have to buy the next book. It is a series and I didn't know that when I got the book. Not only a series, a cliff hanger. I didn't like that. Otherwise this was a good story.
